

## Wednesday, 8<sup>th</sup> April 2020 Direct molecular testing of infectious pathogens

Prof. Dr. med. Sören Schubert

The webinar starts at [www.infektiologie.co.at](http://www.infektiologie.co.at) on Wednesday, 8<sup>th</sup> April 2020, at 4.30 pm, beginning of log-in at 4.25 pm. The talk will take approximately 25 minutes, followed by ten minutes of discussion. You can ask your questions online. If you log in with your medical board number (for Austrians), one CME point will automatically be booked to your CME account.

This webinar will remain online for two years. You can use it for downloading and answering the questionnaire which will get you one more CME point. Registered Physicians from other countries will automatically receive a certificate of attendance as a pdf document via email – for the live webinar as well as for the e-learning.

Physician in charge:  
Prof. Dr. Florian Thalhammer
